D O letter dated Mysore 23rd April 1914 from Mr J Denham to the Dewan of Mysore

My interview with you this morning has infused me with a new spirit Your kind words of appreciation and your enthusiasm re the Mysore University are partly responsible for the following extraordinary proposition -

As you say that the Mysore University will be un fait accompli, I shall be proud to be associated with its inauguration, and the following suggestion may be taken as an earnest of my attitude

The Government have got information at first-hand of Universities in England, Canada and I believe, Japan Will they give me the opportunity of getting first-hand information of the Australian Universities? I should love to pay a visit to Australia in the two months which remain of the vacation I can take no privilege leave as I am over 55 The voyage from Colombo to Freemark takes only 9 days, and I should have about a month to give to the Universities of Adelaide, Melbourne and Sydney which three Universities represent 5 millions of people I could be back in time for the re-opening of College and could bring back with me useful and interesting information I am very fond of travelling, and with a definite object, the enjoyment of the change none of which has come in my way for the last twenty years would be greatly enhanced I could also bring information about the Public Libraries for which Australia is famous All I would ask Government to do would be to defray the whole or part of my sea-voyage expenses (not hotel expenses nor any expenses incurred on land) There is a special cheap return ticket to Sydney from Colombo for three months First Class Rs 677, Second, 479 I am not particular about the class, but if Government would contribute the whole or part of the fare for either class, I would whole-heartedly devote my month or five weeks to adding to my book knowledge

of Education in Australia I think Government would never have reason to regret the small outlay If we are to have a University for Mysore, I think no information about existing Universities would be superfluous

The change would do me a world of good, and I think the trip would not prove to be unprofitable for Government But if Government consents, I should know immediately as there is no time to lose

I hope you will not think me quite demented in making this suggestion If you do, I hope, in kindness to me, you will destroy this letter and think no more about it

My dear Mr Balasundaram Iyer

With reference to Government Order No 11958-9/Edn 401-13 dated 29th May 1914 allowing Mr Denham to go on deputation to Australia I find it necessary that the senior Professor should be in charge of the College during his absence At present Mrs Denham I understand receives all covers and papers addressed to the Principal and keeps them for Mr Denham's disposal after his return This is no doubt a convenient arrangement for Mr Denham but some arrangement is necessary for the routine work of the College At present there are several applications for admission into the Intermediate class and the applicants are clamorous to know their fate so that they may
